The SFA SEAFOOD QUALITY SEAL is awarded to all members who meet the established qualifications and are HACCP Certified by SFA. If your company meets the requirements, the Seal will be yours to display on all your products and in your advertisements.

The goal of the program is to assure quality "from the water to the plate." The Seafood Quality Seal has been awarded to vessels, retail markets, wholesalers, processing plants and restaurants.

FDA/AFDOS approved HACCP training, can be provided to all members and certificates awarded to course participants.

Meeting Information

SFA holds an annual meeting to exchange vital information relevant to the seafood business, to elect officers for the coming year and to recognize individuals making significant contributions to the industry.
